TO THE PEOPLE OF
LEE COUNTY AND ALL
OUR NEIGHBORS IN
SURROUNDING COUNTIES:

The members of the Sanford Lions Club extend to you, your family, and friends a genuine and cordial invitation to participate in all the activities of the 1973 Lee County Agricultural Fair. Each Lion will do everything possible to make your visits to the Fair enjoyable occasions.

The Lee County Fair is the oldest county fair in North Carolina sponsored continuously by the same organization. The Sanford Lions Club is proud of the fact that you have been the major factor in setting and maintaining this outstanding record.

The greatest goal in life is to serve God and people. The Sanford Lions strive for this goal by sponsoring this fair; and as many of you already know, the Lions Club is a non-profit organization, and the funds derived from the fair have never been used to benefit an individual member of the Lions Club. The funds are used to assist the blind and the needy.

If you have not already done so, we encourage you to make plans to join the over one hundred Lions and Lionesses in making this the biggest and best fair ever. Your past support has made the Lee County Agricultural Fair the best in North Carolina. You have our heartfelt thanks for your wonderful support in the past.

Improvement sometimes comes about very slowly, but the Lions are making plans for another exhibit hall. We hope it will be complete for the 1974 fair.

Please examine the exhibit listings in this catalog and help us make the 1973 Lee County Agricultural Fair the best ever. Display proudly your products, your arts, your crafts, and your skills. We will be counting on you.

See you at the Fair!

Sincerely,
Avron Upchurch

We'd like to put in our two cents about environment.

Today, everyone is concerned with environment. We are, too, but our concern is nothing new. We've been working on the problem since the '40's when we began installing dust collectors and building cooling lakes at our generating plants to protect air and water quality.

As the problem has grown, so has our concern. For example, we are committing $100 million through 1976 toward equipping our facilities with the best pollution control devices.

Solving the problems of environment is a constant challenge. We don't have all the answers yet, but we're working on them.
